

## FULL THROTTLE

**AMERICAN EXPRESS** presented a feast for the senses for Platinum Card Members one lazy Saturday, from test driving nippy Minis to a luxurious spa treatment at The Aspara and lunch at Cicada

**A**N EXCITING HALF DAY drive experience lay in store for Platinum Card Members when a small convoy of Mini cars departed from the Mini Habitat showroom one Saturday morning. In partnership with Mini, The Aspara and Cicada, it included test driving the latest Minis, taking in the sights of Singapore, basking in special spa treatments and partaking of scrumptious fare at Portsdown Road amid a resplendent colonial backdrop.

With Card Members behind the wheel, eight gleaming Mini Coopers – including the latest Mini Cooper Clubman and S Clubman models – clocked up many kilometres zipping across Singapore. Incredibly efficient, the

chic marques were put through their paces with drivers and passengers experiencing the smoothest drive and unparalleled comfort.

After adrenaline-pumping action, it was time to wind down and relax amid a lush garden setting at The Aspara at Goodwood Park Hotel. Following a full body massage, lunch beckoned at picturesque Cicada Restaurant. While the setting may originate from a bygone era, the décor is modern and cuisine is contemporary. Highlights of the special three-course repast included cream of organic mushroom soup; and Chilean seabass with sautéed haricot beans and lemongrass infused beurre; topped by a sweet pastry fruit tart with triple chocolate. To cater for an overwhelming response from Card Members a second session was organised.
